Dear Mr. Walsh:

The U.S. Environmental Protection Agency (EPA) appreciates your cooperation in providing access to the property located at 1780 E. Norris Drive, Ottawa, Illinois, for parking during the Ottawa Radiation Areas NPL-8 Frontage Property Site remedial action (RA).

After RA completion and demobilization, EPA contractors also completed a surface radiation survey of the parking area on the subject property on August 6, 2020. The results of this survey are presented in the attached figure and show that radiation levels in this area are below the site cleanup goal.

Sincerely,
